

## ***Christ is coming***

All : Christ is coming! Brothers be of cheer!

Lift your heads, the time is drawing near.

Joy will come, and love will banish fear,

When His is the victry forever !

Refr: So disregard the gloom, and watch the eastern skies

It may be heav'n will visit earth before our very eyes!

The trump of God will sound the great and wondrous hour,

He's coming, O He's coming, full of grace and pow'r!

Sop: Christ is coming! Brothers firmly tread!

We in Him shall bruise the serpent's head

Death and hell and crying shall be fled,

When His is the victry forever!

All : Christ is coming! Brothers, patient be!

Job was tried, and waited patiently

We as well the glorious end shall see,

When His is the victry forever!

Refrein:

All : Christ is coming! Brothers onward strive!

Man brought death, but Christ shall make alive

Soon our God His foes shall backward drive,

And His be the victry forever!
